### Question 3

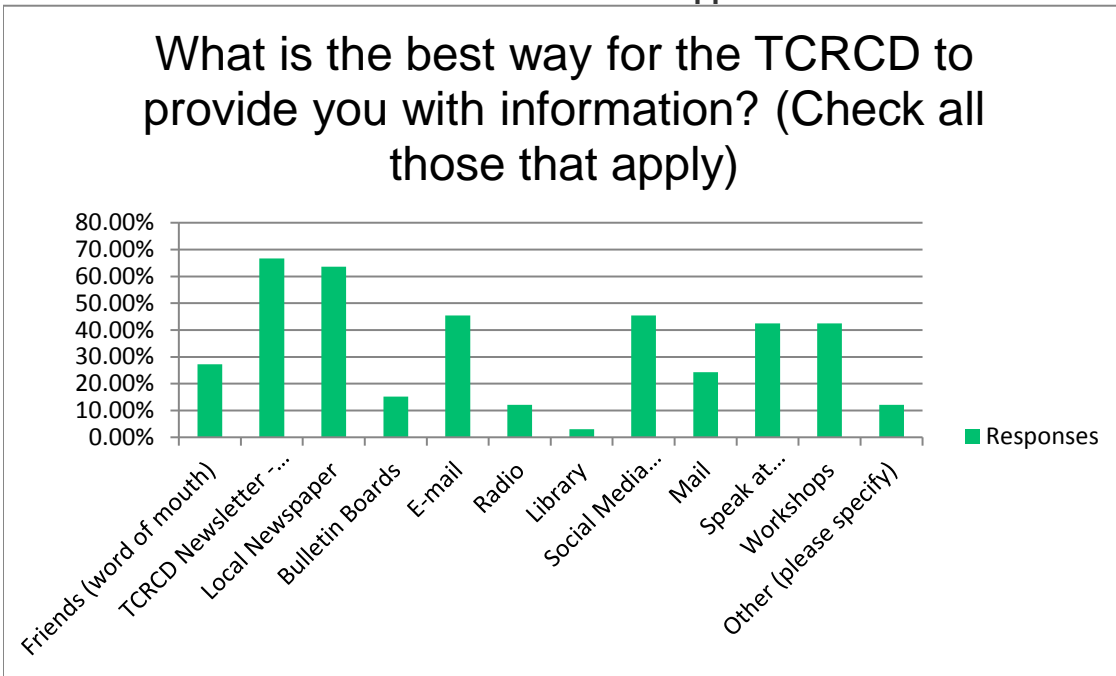

| Response Date        | Comments  |
|----------------------|---|
| Jan 08 2018 10:16 AM | The general outreach could be better, but once people know about the TCRCD the communication is really good.  |
| Jan 07 2018 12:28 PM | don't know  |
| Jan 02 2018 11:40 AM | Never heard of this but want to share it and be a part of it!   |
| Dec 28 2017 12:53 PM | Continue newsletter   |
| Nov 21 2017 10:37 AM | I appreciate that the quarterly newsletter is still available in print and not just online.   |
| Nov 15 2017 09:05 AM | The TCRCD does well keeping people engaged and can continue to hold events to reach new community members.  |
| Nov 14 2017 03:31 PM | I believe improvements can be made in the communication with the public. The current dynamics of the county and limited public involvement within the community organizations by the public leaves some people wondering what is the RCD and what do they do. |
| Nov 14 2017 12:34 PM | Increase outreach needed- technical support of locals   |
| Nov 14 2017 10:28 AM | Most of its efforts are for federal agencies and not individual landowners  |
| Nov 14 2017 09:11 AM | You effectively utilize multiple strategies for dispersing information.   |
| Nov 13 2017 03:20 PM | seems there has been a drop off in articles in T Journal in favor of social media, which limits your reach  |
| Nov 13 2017 02:21 PM | Some projects or services have been well presented while others are not as apparent. The Website does not provide much introductory information to the unaware user.  |

Question 5

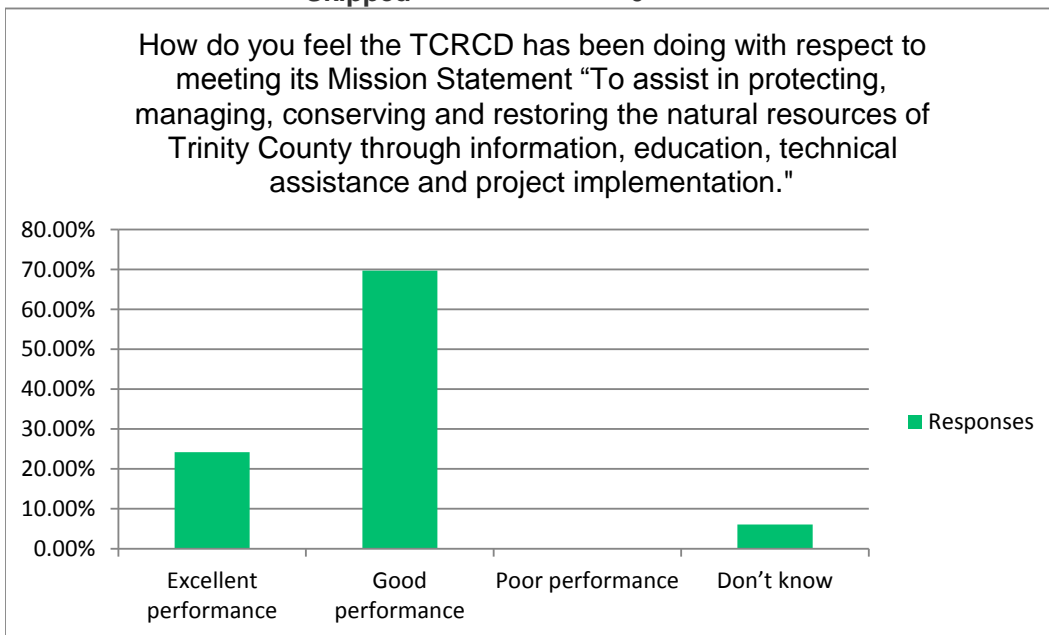

| Other responses   | Response Date        |
|---|----------------------|
| Cannabis cultivation on public lands is a major issue that impacts most of the components noted above. If you were able to tackle the illegality of this with the resulting impact on water, forest, safe recreation etc, I would put funds into this.  | Jan 07 2018 12:28 PM |
| Lake levels and power generation through the dams   | Jan 05 2018 01:55 PM |
| Fire prevention   | Dec 18 2017 04:03 PM |
| High - Monitoring cowboy idiot destructive "fire fighters"  | Dec 18 2017 10:41 AM |
| Natural resource issues that the TCRCD should address is not be the same as for all. This list is for the TCRCD. Use of direct application of herbicides would make invasive plant control economical. Organic farming and using direct application of herbicides to control very Invasive plants (like tree of heaven) is appropriate. Water conservation projects likely overlap with climate change projects. TCRCD should help reduce cannabis cultivation impacts - not help in gardening. | Nov 14 2017 12:34 PM |
| This is a relative scale since these are all important  | Nov 14 2017 10:28 AM |
| More broadly wildlife..by saying wildlife habitat it seem that it masks teaching about the actual plants & critters   | Nov 13 2017 03:20 PM |
| This ranking is based on present political and environmental concerns in Trinity County.  | Nov 13 2017 02:21 PM |

| Jan 02 2018 11:40 AM | Didn't know this was even a thing. I fully support it  |
| Dec 18 2017 10:41 AM | Do continue to hire the decent helpful folks I've met there.   |
| Dec 18 2017 10:20 AM | Fuels Management, watershed restoration and education  |
| Nov 22 2017 10:54 AM | Would like to see more outreach to the community ... and especially to community newcomers to educate them on Trinity County resources ... perhaps via eBlasts (emails), finding a way for existing active community members to network out to folks new to the area |
| Nov 15 2017 09:05 AM | The TCRCD does seem involved on many issues important in Trinity County and continues to seek new areas for improvement.   |
| Nov 14 2017 10:28 AM | More efforts targeted at individual landowners would be better   |
| Nov 13 2017 03:20 PM | more money..more better  |
| Nov 13 2017 02:21 PM | The TCRCD is a central location for information, does provide education (kids), and has implemented some projects. I am not aware of the technical assistance available to the public beyond the information provided.   |

| Dec 28 2017 12:59 PM | Checked other, but did not indicate on form what type would be supported.  |
| Dec 18 2017 04:03 PM | \$25 property  |
| Dec 18 2017 10:41 AM | \$25 per parcel per year   |
| Dec 18 2017 10:20 AM | 1 or 2%  |
| Nov 21 2017 10:37 AM | Either method of taxing, and good luck with that!!   |
| Nov 14 2017 04:37 PM | I don't live in Trinity County, so this would not pertain to me.   |
| Nov 14 2017 12:34 PM | Tax is not happening here. Not worth discussing. Tax - Needs 2/3 population support.   |
| Nov 14 2017 10:28 AM | None. With most of its efforts going to federal landowners, there's no incentive for individuals to pay more taxes           |
| Nov 14 2017 09:11 AM | Is it possible to add taxes to out of county recreational users? The fisherman, hunters, hikers who are not TC residents. :) |

Question 11

TCRCD Stakeholder Survey

**Thank you for taking the time to help us help you! Do you have any comments, questions or suggestions? Please provide us with any comments regarding your priorities, interests, needs, or any suggestions as to how the TCRCD can help serve you better.**

| Response Date        | Responses   |
|----------------------|---|
| Jan 02 2018 11:40 AM | No taxation without representation. Set the standards for cannabis cultivation keeping in mind organic and ethical practices that embrace and support the community. No room for big farms, just family farms to protect our natural resources. |
| Dec 18 2017 10:41 AM | Since California, USFS., etc. won't do it, repair damage done by fire fighters. Maybe some outreach/education to them, hoping they will be less destructive.  |
| Nov 22 2017 10:54 AM | I know that increased taxes are a "hard sell" in Trinity County, but I believe the services you refer to in your Mission Statement are important to the whole of Trinity County landowners and we should all support you.                       |
| Nov 21 2017 10:37 AM | Great job in general!   |
| Nov 15 2017 09:05 AM | Continue to get the word out on the work that you do.   |
| Nov 14 2017 12:34 PM | We are fortunate to have the TCRCD here.<br><br>Seems like firewood sales from the community forest thinning projects could provide a visible service to community and support the TCRCD.   |
| Nov 14 2017 10:28 AM | A big push for fuels projects would greatly help the community.   |
| Nov 13 2017 03:20 PM | The tax question is interesting....but I don't think the RCD has the authority to impose a property tax under Prop 13, but I hope I am wrong.   |
